1. When you apply for a mortgage, we will:

- Check our own records for information on your personal or business accounts and the accounts of anyone financially linked with you [financial associates] e.g. joint accounts.
- Search at credit reference agencies for information on your personal or business accounts and the accounts of anyone financially linked with you [financial associates] e.g. joint accounts. Very occasionally if there is insufficient information to enable us to assist you, we may also use information about other members of your family.
- Search at fraud prevention agencies for information on you, your business, your business partners, beneficial owners and any addresses at which you have lived and on your business [if you have one].
- If you are a director, we will seek confirmation, from credit reference agencies, that the residential address that you provide is the same as that shown on the restricted register of directors' usual addresses at Companies House.

We will make checks such as; assessing this application for credit and verifying identities to prevent and detect crime and money laundering. We may also make periodic searches at Credit Reference Agencies and Fraud Prevention Agencies to manage your account with us.

2. What we do with the information you supply to us as part of the application:

- Information that is supplied to us will be sent to the credit reference agencies
- If you are making a joint application or tell us that you have a spouse or financial associate, we will:
- Search, link and/or record information at credit reference agencies about you both;
- Link any individual identified as your financial associate, in our own records;
- Take both your and their information into account in future applications by either or both of you;
- Continue this linking until the account closes, or is changed to a sole account and one of you notifies us that you are no longer linked.

You must ensure that you have their agreement to disclose information about them.

- If you give us false or inaccurate information and we suspect or identify fraud we will record this and may also pass this information to fraud prevention agencies and other organisations involved in crime and fraud prevention.
- Your data may also be used by us to offer you other products, but only if you have given your permission on the application form. If you wish to change your permission, you can contact us at anytime by any means convenient to you.

- If you do not repay in full and on time, we will tell credit reference agencies.

What Credit Reference and Fraud Prevention Agencies do

5. When credit reference agencies receive a search from us they will:

- Place a search "footprint" on your personal or business credit file whether or not this application proceeds. If the search was for a credit application the record of that search may be seen by other organisations (but not the name of the organisation that carried it out) when you or your business apply for credit in the future.
- Place an enquiry search on the personal credit files of any director owner or partner that have been searched. These enquiry searches will not be seen by other organisations if any director owner or partner applies for credit in the future.
- Link together the records of you and anyone that you have advised is your financial associate including previous and subsequent names of parties to the account. Links between financial associates will remain on your and their files until such time as you or your partner successfully files for a disassociation with the credit reference agencies.
- Place an enquiry or identification search on the record of any shareholder who is a beneficial owner and who we have checked.
- Create a record of the name and address of your business and its proprietors if there is not one already.
